

NAD

- High-Potency Cellular Wellness Formula

JOIN THE NUVEXA ENERGY EVOLUTION!

NAD delivers a high-concentration cellular wellness formulation designed for advanced investigational protocols focused on energy support, vitality, and longevity research.

Product Information

Product: NAD 1000mg

SKU: NAD1000

Dose: 1000mg

Description: Lyophilized NAD formulation in sterile vial

Reconstitution: Normal saline recommended

Recommended Delivery:

- Research applications only
- High-potency cellular wellness formula
- Professionally prepared sterile vial
- Designed for advanced vitality-focused protocols

Discover the Science

Researchers continue studying NAD for its connection to cellular energy production, cognitive support, wellness optimization, and longevity-focused pathways.

Potency Meets Precision

The 1000mg formulation provides enhanced flexibility for advanced wellness research while maintaining stability through lyophilized preparation.

Transparency and Trust

Nuvexa is committed to transparent, research-focused formulations prepared to professional quality standards.
